Jordan Valley Semiconductors Quality Policy

JV is committed to becoming our customer's first choice supplier, by exceeding customer expectations with innovative products, world class quality, value and services. JV management and employees are committed to implementing quality management systems and plans, for continuous improvement of the products and services, seeking **Total CUSTOMER SATISFACTION** as the main target.

To achieve our quality commitment, we focus on the following:

- ✓ Products specifications and performance.
- ✓ On time delivery.
- ✓ Customer support.
- ✓ Company reliability.
- ✓ Added value service and products.
- ✓ Comply with ISO9001:2008 standard requirements
- ✓ Comply with ISO 14001:2004 standard requirements
- ✓ Comply with OHSAS 18001:2007 standard requirements
